ICE TECH powered by Cold Jet

Evolve the way you clean your equipment with the enhanced Xcel 6. Designed with advanced operating principles, the Xcel 6 maintains a smooth cleaning performance while enhancing dosing disc operation. With a small footprint and a stainless steel frame, the Xcel 6 is designed to provide a reliable cleaning solution with minimal air requirements.

- Stainless steel body
- Insulated hopper
- Allen Bradley safety relay
- Easy-adjusting dosing system

The Xcel 6 supports short blasting sequences with low dry ice consumption. Due to its compact size and gentle cleaning capabilities, the Xcel 6 is an excellent cleaning solution for delicate equipment components.

IceTech Dry Ice Blasting:

- Multifunctional
- Environmentally responsible
- Non-abrasive
- Non-toxic
- Non-conductive
- Completely dry
- Void of secondary waste
- Cleans equipment online
- Cleans equipment at operating temperature
- Less power consumption
- Lowest cost of ownership on the market

What makes the Evolution Line different?

The Evolution Line provides the perfect universal dry ice blasting experience. The insulated lid and hopper helps eliminate clumping of the dry ice and provides trouble-free blasting. The stainless steel frame provides a high strength, scratch-resistant machine designed to keep up with the toughest conditions, while still suitable for lighter applications like those found in the food and pharmaceutical industries.

TECHNICAL DATA:	Xcel 6
Dimensions mm/inch: Length: Width: Height Incl. handle:	 480 / 18.8 520 / 20.4 930 / 36.6
Weight: kg:/lbs:	 54 / 120

Dry Ice Consumption: kg/hr: lbs/min:	 15 - 40 0.6 - 1.46
Supply Pressure: bar: psi:	 min 5 - max 10 min 72 - max 145
Blasting Pressure: bar: psi:	 min 2 - max 10 min 29 - max 145
Air Consumption: Nm3/min: cfm: (depending on nozzle combination)	 0.7 - 3.7 29 - 131
Compressed Air Connection:	¾" claw coupling
Air Quality:	According to ISO 8573-1 Class 3 for environment temperature below + 5°C / 41°F
Power Consumption:	500 W. 100V - 240V AC 50/60 Hz + PE (GND)
Blasting Hose:	½" Single Hose System
Noise:	Noise level up to 120 dB(A) Depending on blasting pressure, nozzle combination and material surface

ICE TECH powered by Cold Jet

A Winning Combination

The Xcel 6 comes with a 5m/16ft synthetic rubber blasting hose, 10m/32ft air supply hose and a gun with nozzle.

IceGun Evolution Line	The IceTech blasting gun is designed to combine with a broad range of nozzles and accessories.	Includes: IceGun / no Light 511773	
Blasting hose ½"	The HD blasting hose is made of an abrasion resistant, conductive natural and synthetic rubber.	Includes: 5m / 16ft 504711	
Air Supply Hose ¾"	Abrasion-resistant and long lasting compressed air hose.	Includes: 10 meters / 32 ft 90199; US: 90194

Elite 20

Cold Jet®

the force of nature

Review

ICE TECH powered by Cold Jet

Evolve the way you clean your equipment with the world's first multi-power dry ice blasting machine! The Elite 20 contains a 24 volts DC motor that utilizes a higher torque to eliminate freeze ups. From the complete control over ice and air consumption to the worry free troubleshooting, the Elite 20 provides a dry ice blasting experience that is divergent in the industry.

- Stainless steel body
- Air only blasting option
- Machine controlled gun light
- More powerful motor
- Insulated hopper

Made with a pure stainless steel frame, the Elite 20 is a dynamic machine designed to give you the thorough clean you need by supplying a gentle way to decontaminate equipment. Perfect for lighter applications like those found in the pharmaceutical and food industries, the Elite 20 is the only tool for cleaning and maintaining equipment. The user friendly control panel gives you easy access to controls and maintains blasting parameters.

IceTech Dry Ice Blasting:

- Multifunctional
- Environmentally-friendly
- Non-abrasive
- Non-toxic
- Non-electrical conductive
- Completely dry
- Void of secondary waste
- Cleans equipment online
- Cleans equipment at operating temperature
- Offer low pressure and high pressure blasting capabilities
- Less power consumption
- Lowest cost of ownership on the market

What makes the Evolution Line different?

The Evolution Line provides the perfect universal dry ice blasting experience. New, quick change dosing disc allows for a faster replacement, which leads to shorter downtime and lower maintenance costs. The insulated lid and hopper helps eliminate clumping of the dry ice, and provides troublefree blasting time. The stainless steel frame provides a high strength, scratch-resistant machine designed to keep up with the toughest conditions, while still suitable for lighter applications.
